WORKING LANGUAGE:

English

PARTICIPANTS AND COUNTRIES:

Participants from two countries: **Lithuania and Poland.**

MAIN AIM:

Main goal of this project is to tighten relations between both nations and to rise knowledge level about history amongst group of 20 Lithuanians and Poles through taking part in activities. In order to do so, during project we will go back to the past, to fix the present for the better future. To accomplish this goal, we will use 450th anniversary of Unia Lubelska, a great example of partnership and understanding between two great nations. We strongly believe, that analysis of our history and cultural texts, which connect both nations, will not only provide great amount of knowledge about both countries and their societies, but will also open new ways for cooperation as well as allow to create shared memories and awareness, where there will not be any room for prejudice, hostility nor stereotypes.

WEATHER:

Usually in May in Poland is it's 16°C– 21°C, but sometimes there is rainy weather and than temperature can be lower (about 10-15°C).
