

## Programme

29th June, Monday

Vilnius University, Faculty of History, room 109

- 09:00 Registration
- 09:50 Welcome word
- 10:00 Wiebke Kirleis, Yasmin Dannath, Ingo Feeser, Lucy Kubiak-Martens, Tania Oudemans  
**Subsistence economy and diet in Neolithic Hunte 1 at Dümmer, northwestern European plain**
- 10:20 Ksawery Czekaj, Artur Grabarek, Agata Borowska, Aldona Mueller-Bieniek  
**Plant macroremains from Neolithic settlement in Ćmielów near Krzemionki Opatowskie (SE Poland) – a case study**
- 10:40 Aldona Mueller-Bieniek, Katarzyna Cywa, Iwona Lewoc, Natalia Bawolak, Paweł Szymański  
**New archaeobotanical data from Roman Iron Age and Early Medieval sites in Puszcza Borecka (Borkener Forst), Masurian Lake Land**
- 11:00 *Coffee break*
- 11:20 Meirzhan Abdrakhmanov  
**Molecular biomarker: Deuterium isotope and Paleoecological proxies: Insights into delayed agriculture in Eastern Baltic**
- 11:40 Santeri Vanhanen  
**Crop weed mimicry on flax weeds**
- 12:00 Oliver Peter Rusk  
**The taphonomy of driftwood: novel classifications from scanning electron microscopy**
- 12:20 *Lunch break*
- 14:00 Snædís Sunna Thorlacius, Egill Erlendsson, Dawn Elise Mooney, Susanne Claudia Möckel, Elín Ósk Hreiðarsdóttir, Árni Daníel Júlíusson  
**The archaeobotany of shielings in Iceland**
- 14:20 Per Lagerås  
**Plant macro-remains from medieval Lund – preliminary results from the site Grynmalaren**

14:40 Kristiina Johanson  
**Grain on the hill: an archaeobotanical study of a medieval granary at Rosma**

15:00 Giedrė Motuzaitė Matuzevičiūtė, Rūta Karaliūtė  
**Exotic plants and food globalisation in Lithuania**

15:20 *Coffee break*

15:40 Rūta Karaliūtė, Giedrė Motuzaitė Matuzevičiūtė  
**Does the increasing  $\delta^{15}\text{N}$  value in grains have any effect on the human diet reconstruction?**

16:00 Shalen Prado  
**The Medium is the message: examining food vessel material and effect on microbotanical residue recovery**

16:20 Peter Hambro Mikkelsen  
**NAG in IWGP – how can we enhance our work?**

16:40 Discussion

30th June, Tuesday

Vilnius University, Faculty of History, room 109

- 10:00 Dawn Elise Mooney  
**Preservation bias, plant blindness, and the potential of plant remains**
- 10:20 Mia Lempiäinen-Avci  
**New insights into recent macrofossil research in Finland**
- 10:40 *Coffee break*
- 11:00 Ivanka Hristova, Philip Buckland, Harald Hedman-Rebernick  
**Archlab - The Swedish national research infrastructure for archaeological sciences**
- 11:20 Ellen Siljedahl, Ivanka Hristova, Cinzia Bettineschi, Luigi Magnini  
**Food production in pre-Roman Bostel (Italy)**
- 11:40 Discussion and closing words
- 12:00 *Lunch break*
- 13:00 Excursion around Vilnius University (with Dean of the Faculty of History at Vilnius University Loreta Skurvydaitė)
- 15:00 Workshop in Archaeobotany lab (M. K. Čiurlionio St. 21)
